# GENERAL MANAGERS'S UPDATE

Hi Everyone

On behalf of the SPFAS Board of Directors and Staff, we have had a busy winter season, and we are glad to be reconnecting with you, through our March/April issue of the Springbank Community - Park Patter Newsletter.

As you will see and read inside, the Springbank Figure Skating Club figure skaters brought home some medals, at the Combined Winter Invitational at Calalta, and their Senior Skaters qualified for Starskate and Adult Championships. Congratulations to all ! Check out the Club's spring programs offerings !

You will see the SPFAS also has lots of spring activity offerings (e.g. Spring & Summer Ice Rentals, Drop In Pickleball, Parent & Tot Skating, Ladies 18 + Drop In Shinny Hockey, 55 + Men's Shinney Hockey (give or take some years to qualify), Badminton and Beach Volleyball. The Springbank Old Tyme Country Fair is scheduled and will be held this year on Sat Sept 7th This is a fun event so please mark your calendars.

Over the winter our Operations and Enhancement Committee of the Board and Park's management staff have also been busy working on some other new initiatives, and this will see a new Lion's Club sponsored washroom facility going up over on the East Side of the Lions Soccer Park and picnic area. The SPFAS is also excited to be working with Rocky View County, in combined efforts to pull together a requested Business Case to support the community need for carrying out a facility expansion project at the Park. This expansion project would see the SPFAS add a new multi usable warehouse style facility that would encompass a full size gymnasium inside, real multi sport courts for activities like volleyball, pickleball, basketball, a walking track, hopefully an indoor turf practice field/training area on the back end, change rooms, and possibly a couple of other amenities.

This is felt to be exciting stuff, coming off a good winter season with lots of activity.

Wishing you all the best. Cheers

Todd Muir, BPE

## MEET THE STAFF

For this March / April edition continues introducing our highly valued staff members, and we are pleased to be able to introduce our Operations team member Ryland Ganska.

Ryland started working as a part time facility technician with SPFAS in the fall of 2023.

Raised in the community of Springbank, he found himself at the arena all the time growing up, and it felt like a second home.

He has a large passion for sports, cars, and the general outdoors. In the near future he's planning to start apprenticing as a Heavy duty Technician/Mechanic.

Feel free to say hi to Ryland in your passing by, etc.

Ryland Ganska

## COCHRANE RCMP

March / April Park Patter

The Alberta Royal Canadian Mounted Police (RCMP) have launched their voluntary surveillance camera registry program, CAPTURE, short for Community Assisted Policing Through a Use of Recorded Evidence and Cochrane RCMP is participating in the program. CAPTURE allows for local residents to take an active role in crime prevention by registering their security cameras and providing RCMP access to recorded surveillance for ongoing investigations.

The primary objective of the CAPTURE program

is to create a mapping program of security cameras in the community, which are an excellent crime prevention tool. The program equips RCMP with the contact information of all participating citizens, enabling the RCMP to connect quickly with participants to check their cameras for recordings that can help with investigations. Individuals who take part in CAPTURE will be helping protect their property, their neighbour's property and supporting the RCMP in keeping the community safe.

The program is free to join and completely secure. The RCMP will not be able to live monitor registered cameras. Investigators will only ever ask for recordings of previous events. All video and photo footage that is produced will belong to the security camera owner, and will only be shared with RCMP on a voluntary basis. In the instance that a participant chooses to share their footage, they will be provided a storage device where they can extract their data and then provide it to the RCMP at their convenience. The database of registered properties will be confidential and accessible to RCMP only.

Registered participants can remove their profile at any time should they choose to no longer participate.

To register, residents can visit [www.ruralalbertacapture.ca](http://www.ruralalbertacapture.ca).

For further information, please contact the Alberta RCMP CAPTURE program at [KCAPTURE@rcmp-grc.gc.ca](mailto:KCAPTURE@rcmp-grc.gc.ca).

# SPFAS EXPANSION NEWS

Over the winter our Operations and Enhancement Committee of the Board and Park's management staff have been busy working on some new initiatives.

The biggest one of these is that SPFAS has been working with Rocky View County, in combined efforts to pull together a requested Business Case to support the community's need for carrying out a facility expansion project at the Park.

This expansion project would see the SPFAS add a new multi usable Recreation & Sports facility - that would encompass a full-size gymnasium inside, have lots of multi-sport courts for activities such as pickleball, basketball, badminton, volleyball, etc.

It would also have a walking /running track, an indoor turfed practice field/training area on the back end for indoor soccer play, baseball practice, football practice, lacrosse, etc.

This community minded facility would also have change rooms, and the Park is looking at a couple of other nice to have amenities to possibly add into the mix.

SPFAS is currently working with consultants, to get the Business Case for this new facility completed, then it will be moved onto RVC, and we are hopeful it will be a successful venture / project for all, and completed with an envisioned and hopeful 2 yr. type timeline (from once the go-ahead and approvals are given), and with all things going smoothly.

The timeline and lots of other parts are still a bit fluid and TBD, and that would include the final location, but at this

early stage it is being envisioned to possibly be on the East Side of the current facilities and facing Springbank Road.

The Springbank Park For All Seasons is excited to move forward with this new initiative, and takes pride in being an accountable, proven facility operator, and one who has been successfully and fiscally responsibly operating in the Sprinkbank area for the past 50 years.

# DON KOCHAN, COUNCILLOR DIV 2

Springbank Park Patter  
Newsletter – March/2024

Following is Division 2  
information for your use:

Springbank Area  
Structure Plan (ASP) – the  
Governance Committee  
at the January 16th/2024  
meeting provided direction  
on how the Springbank  
ASP is to proceed. The  
following motion was  
approved and Council will

see the new report from administration by the end of Q2  
providing their evaluation of the direction.

MOVED by Chair Kochan that Administration be  
directed to provide a report to Council in Q2 of 2024  
on the feasibility of combining the Central Springbank,  
North Springbank and Middle Area Structure Plans  
(ASP) into one ASP with the intent to maintain the  
existing land use strategies while implementing minor  
amendments that:

- a) Ensure alignment with higher order policy and  
guiding documents adopted since the approval of the  
ASPs;
- b) Update technical policies to reflect current studies;
- c) Address policy gaps in the existing ASPs identified  
by Council, Administration, and the public.

With the strong community feedback on preserving  
the rural character of our community and the technical  
analysis indicating that the community has ample  
commercial capacity, Council recognized that there is no  
need to adjust the current ASP's that are existing. Council  
will make the final decision when administration brings  
the report forward for a decision.

Springbank Community Centre - Administration  
is currently finalizing the details surrounding the  
engagement opportunities that will start in the spring.  
At these engagement opportunities, input from  
community groups and residents on how the design of  
the hall, multipurpose rooms and studio spaces can best  
accommodate the needs of the users will be collected.  
The County invites you to participate in the engagement  
sessions and provide input and feedback at that stage.  
It will be considered alongside all the feedback received  
from all community members and stakeholders.

To learn more about the project and for more frequent  
updates please check out the engagement page here:  
<https://engage.rockyview.ca/south-springbank-community-events-center>

Springbank Recycling Centre- On February  
27th administration brought a report to Council  
recommending that the Recycling Centre at Commercial

Court be relocated to the 74-acre county owned lands  
just north of the SPFAS. After some discussion the  
following motion was unanimously passed:

MOVED by Deputy Reeve Kochan that Council direct  
Administration to pursue relocating the Springbank  
Recycle Depot to the Springbank Dog Park Municipal  
Reserve. AND THAT Administration begin the process  
of lifting the Municipal Reserve dedication as outlined  
in the Municipal Government Act – section 671(2) and  
section 674(1).

2024 Alberta Wheelchair Curling Championship-  
On January 20th, it was my pleasure to be part of the  
opening ceremonies of the Alberta Wheelchair Curling  
Championship tournament hosted at the Springbank  
Park For all Seasons facility. It was amazing to see that  
level of competition. The winner of the tournament is  
headed to the Canadian Nationals. Good luck to the  
Alberta team.

Bingham Crossing Project – As an update to the  
Bingham Crossing project, the following information  
has been provided by Rencor (developer) on its progress:

Final preparations are being undertaken to restart onsite  
infrastructure improvements and other grading work  
for this coming spring/ summer. Rencor are working  
through final refinements to the off-site drawings  
to allow for Alberta Transportation and Economic  
Development (ATEC) and RVC approval that would  
allow for a mid-year construction start of the highway  
1, range rd. 33 and township 250 road improvements.  
Costco is nearing development permit release followed  
by their building permit application submission,  
allowing construction on the Costco building to  
start later in the fall of 2024 and it is expected to have  
construction completed by the end of 2025.

Final subdivision endorsement items are in the process  
of being completed which will allow construction  
activities to begin this coming Spring. Pre-Leasing  
efforts for Phase 1 retail, which will complement Costco,  
are moving forward and Rencor hopes to announce  
many high quality national and local tenants who have  
committed to the project in the coming months. Many  
sought after services and amenities will help shape the  
overall tenant mix at Bingham Crossing. Rencor expects  
possession of these stores will commence late 2025 or  
early 2026. Marketing and ongoing negotiations for the  
seniors / residential site are underway with discussions  
taking place with multiple operators and residential  
developers. Rencor is in the process of evaluating the  
best configuration and partnership for the lands and  
hope to make announcements in the coming months.

Discovery Trails Online Learning School presented to the Board at the February 15 Board meeting. The presentation focused on the opportunities afforded to students by attending the online school. The school has reimagined approaches provide enhanced support for social and emotional well-being. The staff has developed strategies suited to support students by using

meeting and chat rooms, working closely with parents, and providing a variety of wrap-around services.

The school caters to the unique needs of students – complex medical, competitive sports, mental health challenges, flexible and adaptable – different time zones or different hours.

The Board approved a change to RVS' benefits model for all staff. Within the next 18 months, RVS will transition from being self-insured to contracting with Alberta School Employee Benefit Plan (ASEBP) to administer employee health, dental, life and disability insurance, long-term disability plans, and employee and family assistance programs.

- ASEBP provides a comprehensive coverage plan similar to the current RVS self-insured plan and will result in a \$500,000 savings annually that can be reinvested into the division.
- ASEBP currently administers benefits for 58 of the 61 Alberta school divisions.
- The transition will be no later than Sept. 1, 2025, but could be as early as Sept. 1, 2024. More information will be provided to staff before the transition.

RVS' newest school, a high school in Langdon, is currently under construction and set to open for students in September 2024. It will be known as Horseshoe Crossing High School

The government will provide an additional \$5 million in support of student nutrition in the 2023/24 school year.
